19 March 2020, Paris

**EUROSATORY 2020: CORONAVIRUS COVID-19 UPDATES**

Eurosatory, international land and airland Defence and Security exhibition, will be held from 8 to 12 June 2020 in The Parc des Expositions de Paris-Nord Villepinte - France. Discover below some information about organisation of the exhibition and Coronavirus Covid-19 situation.

Following the evolution of the sanitary situation in France and in order to ensure the health and safety of the population, the President of the Republic decided to limit movement for all for 15 days beginning from March 17th, 2020.

COGES has taken these instructions into account and has implemented all the necessary measures to maintain the safety of its team and partners and to ensure the continuity of its services. All COGES staff are now in home offices and your preferred contact people remain the same. Phone and email details are unchanged, and we are all available to answer your questions.

We hope that this crisis will be as short as possible; nobody knows today how it will evolve. Currently, the organisation of the Eurosatory exhibition from June 8 to 12, 2020 is maintained and we are working to prepare the exhibition carefully while ensuring the safety and protection of all participants. A decision concerning the holding of the trade fair or its cancellation will be taken by the end of April, in order to allow everyone to make the right arrangements.

Of course, we remain attentive to any directives from the Government and we will keep you informed in real-time of the evolution of the situation. We hope that you and your relatives are in good health and we have a special thought for everyone affected by the virus.
